RE: Signature Request for ULA "early warning signals" Project

OBES received approval to waive competitive bidding for a contract for services with the United Labor Agency (ULA) for "early warning signals" training for labor officials. Approval was received at the April 16, 1990 meeting of the Controlling Board.

Attached is the subject contract, signed by the contractor but not signed by OBES. The contract is dated to start April 17, 1990 and end April 16, 1991.

This is the ORIGINAL contract. This is the same contract that was included in the controlling board materials that your office earlier reviewed.

Please sign at the "Legal Counsel" signature block.

Telephone me at 6-9842, and I will arrange to pick this up. I've enclosed a copy for your files.
