Dear Mr. Morrissette:

Please include the Southern Tier Office of Social Ministry/Diocese of Rochester among those supporting the passage of plant closing legislation by the city of Ithaca.

We have felt a certain frustration in the past when our lobbying efforts to secure passage of a national plant closing bill proved fruitless.

We hope to meet with Steve Jackson soon to discuss how we might initiate a movement for local plant closing legislation in Chemung and Steuben Counties based on your experience in Ithaca.

Please be in touch if we can be helpful in any other way.

Peace,

Kathy
