Dear Leonard,

Enclosed you will find a copy, as promised, of the constitution as ammended after our meeting last month. As per our phone conversation, our Steering Committee is meeting on Monday, September 20, between 11:30 and 2:30 to go over this final draft. If you have any problems or concerns about this final draft, you should let me know immediately. And, as we agreed, I will call you at the Sheraton Inn in Liverpool, NY if I need to contact you between 11:30 and 2:30 on Monday.

If we don't talk, that is, if you don't call us with problems, and we don't call you with problems, you can assume that this is the constitution which we will be ratifying on October 6th at our General Meeting. We will assume that this is OK!.

I hope it all is. We are looking very much forward to the affiliation and working with you all in the future. Take care and I'll be in touch.

In Solidarity,

Coert Bonthius, Coordinator
