REPETITIVE STRAIN INJURY:
A FREE CLINIC

Date: Friday October 16

Time: 1 PM - 4 PM

Clinician: Dr. Michael Lax

2-4 Pultney Square West, Bath, NY

American Flint Glass Workers Local 1013

Dr. Lax, Medical Director of the CNY Occupational Health Clinical Center (CNYOHCC), will conduct a health screening for repetitive strain injury. Also available will be Greg Siwinski, Certified Industrial Hygienist, and Greg Shaw, Ergonomist, who will conduct individual consultations on workstations, and Arlene Small, Physical Therapist, who will consult with clinic participants on helpful stretches. Anyone who is concerned that their job may be putting them at risk for carpal tunnel syndrome or other hand/wrist/elbow/shoulder problems, or thinks they have symptoms of such an injury, is welcome to come in for a free consultation. Refreshments and general information on RSI will also be available.
